ZOEDONE
THE NEW DRINK
A restoring & stimulating
but non-alcoholic
BEVERAGE
Letter from Dr Lucas, Bombay, Medical Dept. Author of the Elements of Indian Hygiene etc.
"I am of opinion that your invaluable aerated beverage Zoedone deserves the highest attention at the hands of the Indian public. It is not only a health giving drink but essentially, containing as it does the quadruple phosphates of Iron, Lime, Potash, and Soda, a health restoring drink par excellence, reviving and refreshing the vital powers. It would be a blessing indeed if we could see it introduced into hotels, restaurants, regimental messes and canteens. To weakly females in India it would decidedly tend not only to the amelioration of their own health, but that of their offspring, the future generations of men and women, making a healthy and robust nation as a remedial and dietetic agent in cases of material cachexia, indigestion etc."

Letter from Geo. S. A. Rank-
